Manufacturing, Inc.®

3630 CARRIAGE HOUSE COLLECTION

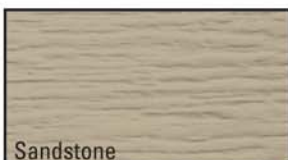

Features:

- **Sandwich type construction** with CFC free expanded polystyrene insulation pressure bonded between two sheets of 26 gauge hot dipped galvanized steel with a 10.25 R value.
- **1.0 mil paint system** includes .25 mil rust inhibiting primer and .75 mil exterior top coat that resists fading and chalking while providing consistent color from panel to panel.
- **20 gauge** hot dipped galvanized steel hinge plates run the full height of each section at all hinge locations to facilitate the attachment of hinges, handles, struts and step plates.
- **Rigid aluminum retainer** provides added strength while securing replaceable U-shaped bottom weatherstrip.
- doorLink™ designs are protected by US patent #D487521
- Sections include **tongue and groove** meeting rails for superior strength and better sealing against wind, rain and snow.

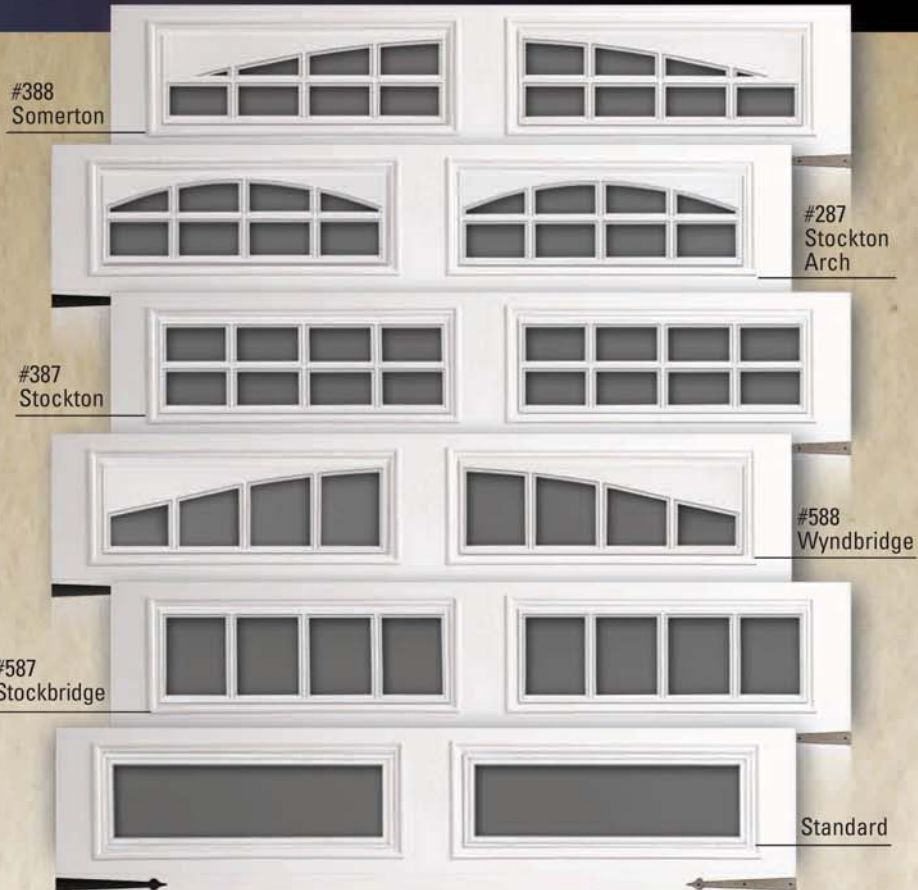

Cut-away view:

- Tongue and groove meeting rails.
 - CFC free expanded polystyrene insulation.
 - 20 gauge hot dipped galvanized stile.
 - Rigid aluminum retainer
